Why choose Certainteed Consulting and Laboratory?

Headquartered in LaPorte, Indiana, Certainteed Consulting is a full-service dental lab and trusted consulting partner dedicated to supporting dental labs in their unique needs. Our lab is equipped to handle a wide range of services, with a commitment to quality, confidentiality, and efficiency:

USA-Made Products: Every product we provide is made in the USA

5-Day In-Lab Turnaround: We strive to complete most orders within a 5-day turnaround, keeping your practice running smoothly and efficiently.

Digital Compatibility: We accept digital scan files from all intra-oral scanners, making it easy to integrate our services with your existing digital workflows.

Specialized Services: Our expertise spans CAD/CAM Implants, Orthodontics, Removable and Fixed Prosthodontics, offering comprehensive solutions to meet varied lab needs.

Remote Order Entry: A streamlined solution that allows labs to efficiently manage orders without disruption to their existing processes.

Problem-Solving Expertise: Our consultants are experienced in identifying solutions tailored to the unique needs of each lab, from workflow optimization to specialized case handling.

Confidentiality & Integrity: With legal safeguards in place, Certainteed Consulting ensures a strict separation between consulting services and lab operations. We respect and protect our clients' relationships with their doctors, maintaining full confidentiality and integrity in every interaction.
